# Security Systems 1 & 2 (NUE480 & NUE483)

## Course Aim

This course is designed to develop knowledge and skills required to be able to competently install, maintain, and advise customers on aspects of security systems in domestic and small commercial installations.

**Duration** 80 hours

## Course Content

- Legislative requirements and standards.
- Physical and electronic security devices.
- Operation, installation and maintenance of security system detection equipment and control panels.

In South Australia, a Security Agent's License is require to be held by anyone employed in the security industry, whether working as an employer or an employee, or a sole trader.

This training course meets the mandatory requirement for anyone wishing to obtain a 'Class 5 Security Agent's License'. This class of license allows the holder to sell (or rent), install, maintain and advise clients about security systems and related equipment.

It is strongly recommended that Class 5 Security Agents also hold an Open or Restricted Registration for Telecommunications Cabling. This is necessary as alarm system cabling need to comply with ACA regulations as security equipment is usually intended to be connected to the Public Switched Telephone Network.

## Pre-requisites

- Sound grasp of basic electrical technology
- Open or Restricted Cabling's Registration is highly recommended.

To gain a Security Agent license to work as an employee the applicant will also need to complete the following:

- Basic OHS & W training (NBB002)
- A Commonwealth Police Check

**Structure** In class or correspondence available.

**Note: Participants may be eligible for a rebate through the Construction Industry Training Board (CITB). To receive this rebate you must quote a current membership number on your enrolment form and meet CITB funding criteria.**

**Please call 08 8348 1200 to register your interest.**
