# Work Safety in the Construction Industry White Card

*Unit of Competency: VPAU349 - Work safely in the construction industry  
(National Equivalent: CPCCOHS1001A - Work safely in the construction industry)*

## Course Aim

This new construction site induction program has been developed to replace individual, State based programmes. This course is intended to provide individuals with the skills and knowledge to operate safely in a work environment and should be completed prior to entering a construction workplace.

This extended course is currently valid in South Australia and Victoria with National recognition expected soon.

**Duration:** 6 hours

## Learning Outcomes include:

- Identifying OHS legislative requirements
- Identifying construction hazards and control measures
- Identifying OHS communication and reporting processes
- Identifying OHS incident response procedures

## Pre-requisites:

There are no pre-requisites for this course however basic literacy will be required to complete the questionnaire.

## Structure

This course offered in class only and contains theory and assessment components. Temporary cards will be issued on the day of training and are valid for a period of 1 month. Final cards are issued directly from Safe Work SA.

**Note: Participants may be eligible for a rebate through the Construction Industry Training Board (CITB). To receive this rebate you must quote a current membership number on your enrolment form and meet CITB funding criteria.**

**Please call 08 8348 1200 to confirm your place.**

*South Australian  
Training Awards  
"Small Training Provider of the Year"*
